

6th AVENUE HEARTACHE

Author: Wallflowers

Intro F:D C:A B^b:E_m F:G

Verse 1

Sirens ring Shot's ring out A stranger cries Screams out loud
 I had my world Strapped against my back I held my hands Never knew how to act

Chorus

That same black line that was drawn on me Was drawn on me
 And now it's drawn me in 6th Avenue heartache, heartache

Verse 2

Below me Was a homeless man I'm singing songs I knew complete
 On the steps alone His guitar in hand His fifty years He stood where he stands

Chorus (2 times)

That same black line that was drawn on me Was drawn on me
 And now it's drawn me in 6th Avenue heartache, heartache

Verse 3

Now I'm walking home On these streets The river winds Move my feet
 The subway steam Like silhouettes in dreams Stood by me (*stood by me*) Just like moonbeams

Chorus (2 times)

That same black line that was drawn on me Was drawn on me
 And now it's drawn me in 6th Avenue heartache, heartache

Verse 4

Look out the window Down upon that street Gone like at midnight Was that man
 But I see his six strings Laid against that wall And all his things They all look so small
 I got my fingers crossed On a shooting star Just like me, *just me* Just moved on

Outro (fade out)

That same black line that was drawn on me Was drawn on me
 And now it's drawn me in 6th Avenue heartache, heartache
