## **Intro** **A<sub>m</sub>**

### **Verse 1**

Gather at the church  
 Hold each other's hands  
 In honesty and peace  
 Falling on your ear

Say a quiet prayer  
 Praying that you might be there  
 With the whispers of your God  
 Falling on your ear Ay!!

### **Verse 2**

Melt your silver down  
 Sirens start to sound  
 Where the honesty of fear  
 Falling on your ears

Kiss your lover's face  
 And you're caught up in the only place  
 Makes a battle like a song  
 Falling on your ears

### **Chorus**

This is anger as beauty  
 This is anger as beauty

Anger as beauty  
 Anger as beauty

Anger as beauty  
 Anger as beauty

### **Verse 3**

Fighter's soul alive  
 The tears burn in your eyes  
 Sings lovely in its fear  
 Falling on your ears

In a whiskey fueled rage  
 The saddest of the souls to save  
 With a voice that's broken, strong  
 Falling on your ears

### **Chorus**

### **Verse 4**

Lover don't you wait  
 Strangest quiet in the streets  
 They're under private ports  
 Falling on your ears

Lover you'll be safe  
 Fighters for the love dig deep  
 Gently lifting up a song  
 Falling on your ears

### **Chorus**

This is anger as beauty  
 This is anger as beauty

Anger as beauty  
 Anger as beauty

Anger as beauty  
 Anger as beauty

### **Outro**

This is anger as beauty  
 Anger as beauty This is anger as beauty

Anger as beauty
