

COMFORTABLY NUMB

Artist: Pink Floyd

Intro B_m

Verse 1

Hello (hello), is there anybody in there
 Is there anyone home, come on now
 Well, I can ease your pain

Just nod if you can hear me
 I hear you're feeling down
 And get you on your feet again

Verse 2

Relax (relax), I'll need some information first
 Can you show me where it hurts

Just the basic facts

Chorus 1

There is no pain you are receding
 You are only coming through in waves
 When I was a child, I had a fever
 Now I've got that feeling once again
 This is not how I am

A distant ship's smoke on the horizon
 Your lips move but I can't hear what you're saying
 My hands felt just like two balloons
 I can't explain, you would not understand
 I have become, comfortably numb

Instrumental

I have become, comfortably numb

Verse 3

Ok, (ok), just a little pinprick
 But you may feel a little sick
 That'll keep you going for the show

There'll be no more, aaaaaahhhhh!
 Can you stand up, I do believe it's working good
 Come on it's time to go

Chorus 1

There is no pain you are receding
 You are only coming through in waves
 When I was a child, I caught a fleeting glimpse
 I turned to look but it was gone
 The child is grown, the dream is gone

A distant ship's smoke on the horizon
 Your lips move but I can't hear what you're saying
 Out of the corner of my eye
 I cannot put my finger on it now
 I have become, comfortably numb
