Author: Ron Davison – 23 (June 2012)

## **Intro** C<sub>m</sub> G<sub>m</sub>

### **Verse 1**

C<sub>m</sub>  
The fiery eye of the comet  
C<sub>m</sub>  
A search for life in a system  
A<sup>b</sup> B<sup>b</sup>  
You're a hero in the eyes  
B<sup>b</sup> G C<sub>m</sub>  
But a dream in the mind of today

G<sub>m</sub>  
Signals your return  
G<sub>m</sub>  
Where another starlight burns  
C<sub>m</sub>  
Of tomorrow's consciousness

### **Chorus 1**

E<sup>b</sup>  
Firefall, from the sky  
E<sup>b</sup> B<sup>b</sup>  
You're worshipped now in a future time

B<sup>b</sup> G  
Your journey home is about to die  
G B<sup>b</sup> C<sub>m</sub>  
So take a bow, when you have the time

### **Verse 2**

C<sub>m</sub>  
The falling star from the heavens  
C<sub>m</sub>  
To grant your wish in a moment  
A<sup>b</sup> B<sup>b</sup>  
You're a gift from the sky  
B<sup>b</sup> G C<sub>m</sub>  
A symbol that life was just given birth

G<sub>m</sub>  
Whispers to your brain  
G<sub>m</sub>  
To help you through your falling rains  
C<sub>m</sub>  
To the planet earth

### **Bridge**

A<sup>b</sup> B<sup>b</sup>  
The meaning of life may never be found  
A<sup>b</sup> B<sup>b</sup>  
All we can do is live our lives the best we can

G<sub>m</sub> C<sub>m</sub>  
Were we seeded or constructed, they're all so profound  
G<sub>m</sub> C<sub>m</sub>  
We think therefore we are, we don't have to pretend

### **Chorus 2**

E<sup>b</sup>  
Firefall, from the sky  
E<sup>b</sup> B<sup>b</sup>  
Her only wish was denied

B<sup>b</sup> G  
A saddened girl, can but cry  
G B<sup>b</sup> C<sub>m</sub>  
And now all her hope has died

### **Chorus 3**

E<sup>b</sup>  
Firefall, from the sky  
E<sup>b</sup> B<sup>b</sup>  
Our fate was undecided

B<sup>b</sup> G  
You brought us life, will you watch us die  
G B<sup>b</sup> C<sub>m</sub>  
Now all we can do ... is try

## **Outro** C<sub>m</sub> G<sub>m</sub>
