

# **I RUN FOR LIFE**

Author: Melissa Etheridge

**Intro** E F#m A E

## **Verse 1**

It's been years since they told her about it  
And the scars are still there in the mirror  
Though the pain is miles and miles behind her  
If you ask her why she is still running

The darkness her body possessed  
Every day that she gets herself dressed  
And the fear is now a docile beast  
She'll tell you it makes her complete

## **Chorus**

I run for hope I run to feel  
I run for your mother, your sister, your wife

I run for the truth For all that is real  
I run for you and me my friend, I run for life

## **Verse 2**

It's a blur since they told me about it  
And they cut into my skin and they cut into my body  
And now I'm still learning the lesson  
And if you ask me why I am still running

How the darkness had taken its toll  
But they will never get a piece of my soul  
To awake when I hear the call  
I'll tell you I run for us all

## **Chorus**

I run for hope I run to feel  
I run for your mother, your sister, your wife

I run for the truth For all that is real  
I run for you and me my friend, I run for life

**Instrumental** E A C#m F#m A

## **Verse 3**

And some day if they tell you about it  
Remember her, remember me  
Running for answers

If the darkness knocks on your door  
We will be running as we have before  
Running for more

## **Chorus**

I run for hope I run to feel  
I run for your mother, your sister, your wife

I run for the truth For all that is real  
I run for you and me my friend, I run for life

**Outro** E B C#m A
