

LIVING IN SIN

Author: Bon Jovi

Intro D

Verse 1

I don't need no licence to sign on no line ^G And I don't need no preacher to tell me you're mine ^D ^A
^G I don't need no diamonds ^A I don't need no new bride ^G I just need you ^A Baby, to look me in the eye
^D I know they have a hard time ^G And your Daddy don't approve
^D But I don't need your Daddy ^A Telling us what we should do
^G Now there's a million questions ^A I could ask about our lives
^G But I only need one answer ^A To get me through the night

Chorus

So I say ^D Baby, can you tell me just where we fit in ^G I call it love, they call it living in sin ^D ^A
^D Is it you and me ^G Or just this world we live in
^A We're living on love ^G ^D They say we're living in sin, Ooh, woh, who, oh

Verse 2

^D Is it right for both our parents ^G Who fight it out most nights
^D Then pray for God's forgiveness ^A When they both turn out the lights
^G Or wear that ring of diamonds ^A When your heart is made of stone
^G You can talk but still say nothing ^A You stay together but alone
^G Or is it right to hold you ^A And kiss your lips goodnight
^G Well a promise is forever ^A If you sign it on the dotted line

Chorus

Solo

Chorus

^D Baby, can you tell me just where we fit in ^G I call it love, they call it living in sin ^D ^A
^D Or is it you and me ^G Or just this world we live in
^A Are we living on love ^G ^D Or are we living in sin I don't know where we fit in

Outro Chorus to fade
