## Verse 1

I can't sleep	Ain't no sleep a 'coming	I'm just lying here thinking 'bout you

I'm in deep	Falling deep into the picture	In my mind of everything we're gonna do

Over at the lake and down by the river	You can feel it start to rise	'Cause I need you by my side
Cm G# D# A#	Cm G# A#	

## Chorus 1

It's gonna be a long, hot summer	We should be together	With your feet up on the dashboard now
G# D#	D# A#	Cm A#
Singing along with the radio	It's such a beautiful sound	And when you say my name
D#	A# Cm A#	G#
In the middle of the day	I swear I see the stars come out	When you hold my hand
	A# Cm G#	A# Cm G# D# A#
In the back of my mind	Just waiting on the sun to go down	The sun to go down

## Verse 2

I wanna see	Your brown skin shimmer in the sun for the first time
Cm G# D# A# Cm G# D# A#	
I try to be	The one who knows just what to do to you to get me that smile
Cm G# D# A# Cm G# A#	
One chance of meeting, you were walking by me on the street and I said hi	
Cm G# D# A# Cm G# A#	
And that was the beginning of my heart spinnin'	Like these wheels in my head tonight

## Chorus 1

## Bridge

The only place that I wanna be is where you are	'Cause anymore than a heartbeat away is just too far

All I really want is more than this moment right now	And when you say my name
