Verse 2:

The line acts as a barrier, a wall woven together
 With love and guilt transparent
 Yet, physically impermeable deflecting the emotions we've felt

Chorus 2:

The feelings that guard the heart's little secrets
 Strain at the wall's hidden emotional fibres
 Threatening to break the bonds Hoping to get beyond
 But each day the spirit tires

Chorus 3:

You exist on both sides of the line for me
 Distinct entities working towards the same end
 Despite the love I feel for you my life, my situation dictates
 That my love be extended as a friend

Verse 3:

Just take the time to remember that what ever soft message I might send
 You'll always be more than just a lover
 More than just a friend
