

SET FIRE TO THE RAIN

Artist: Adele

Intro A_m C G F

Verse 1

I let it fall, my heart

It was dark and I was over you

My hands, they're strong

To stand in your arms

And as it fell, you rose to claim it

Until you kissed my lips and you saved me

But my knees were far too weak

Without falling at your feet

Refrain

But there's a side to you that I never knew, never knew

All the things you'd say, they were never true, never true

All the games you'd play, you would always win, always win

Chorus 1

But I set fire to the rain

Well, it burned while I cried

Watched it pour as I touched your face

'Cause I heard it screaming out your name, your name

Verse 2

When I lay with you

Feel you here, forever

I could stay there, close my eyes

You and me together, nothing is better

Refrain

Chorus 1

Chorus 2

But I set fire to the rain

Well, I felt something die

And I threw us into the flames

'Cause I knew that that was the last time, the last time

Bridge

Sometimes I wake up by the door

Even now when we're already over

And heard you calling, must be waiting for ya

I can't help myself from looking for ya

Chorus 1
