

SHE AIN'T PRETTY

Author: Northern Pikes

Intro A D A E A

Verse 1

I had two jobs, I had dishwasher hands

One Friday night in my hometown bar
She stared at me and it was turning me on
I heard a voice inside me say

And on the weekend in a rock and roll band

In walked a girl who looked like a movie star
She said she worked in a beauty salon
She ain't pretty, she just looks that way

Verse 2

We had a date to go for a drink
There was this misconception all over town
She said "Take me home, there won't be a fuss"
Watching her leave, I heard the bartender say

I wore my jeans and she wore a mink
That she ate lonely guy heart by the pound
I said "Sure you got some change for the bus"
"She ain't pretty, she just looks that way"

Verse 3

I called her up, her father was home
I held my breath, decided to wait
I fell in love with a model from hell
That chasing her has been a grave mistake
Her ego wrote cheques incredibly fast
I laughed out loud to my total dismay

He said "She's busy she can't come to the phone"
A guy like me doesn't get many dates
It took some time for my hormones to tell
She ain't pretty, she just looks that way
But her personality didn't have the cash
She ain't pretty, she just looks that way

Bridge

She ain't pretty

She ain't pretty

Outro A E A
She ain't pretty, she just looks that way
