Author: Ron Davison – 4 (June 2009)

Intro G C D

Verse 1

G C D D_{sus2} D
Deep in your eyes, there's a wisdom that comes with age
G C D D_{sus2} D
And yet it only hides a far more important rage
C G C G
For mankind seeks to kill itself Before it's really tasted life
C G F D D_{sus2} D
They know it yet they still don't grasp the danger of their plight

Chorus

C G
Timeless drifter You've seen and done it all
C G
To roam was your choice But why you can't recall
C G F
Timeless drifter It's time that you moved on
C F D D_{sus2} D
And found another world 'Cause earth may soon be gone

Verse 2

G C D D_{sus2} D
You came to this world before time and man were born
G C D D_{sus2} D
You watched as life grew and your heart began to warm
C G
You fell in love with the planet earth
C G
You walked with dinosaurs and knew their worth
C G F D D_{sus2} D
And yet you saw it failing with future danger when man was given birth

Chorus

C G
Timeless drifter You've seen and done it all
C G
To roam was your choice But why you can't recall
C G F
Timeless drifter It's time that you moved on
C F D D_{sus2} D
And found another world 'Cause earth may soon be gone
