Verse 1

```
        G_m        C_m    G_m              G_m        C_m       G_m
I like the way you smile at me        I felt the heat that enveloped me
        G_m      B♭      C_m              C_m  G_m  C_m        G_m        G_m
And what I saw I liked to see         I never knew,      where evil grew
```

Verse 2

```
          G_m        C_m    G_m              G_m         C_m      G_m
I should have steered away from you   My friend told me to keep clear of you
          G_m        B♭      C_m             C_m  G_m  C_m        G_m        G_m
But something drew me near to you     I never knew,      where evil grew
```

Chorus

```
B♭            G_m                  C_m          G_m
Evil grows in the dark        Where the sun, it never shines
C_m      F  C_m              F      E♭          G_m
Evil grows in cracks and holes    And lives in people's minds
B♭          G_m                    C_m              D
Evil grew, it's part of you       And now it seems to be
     C_m     F  C_m       F      E♭       E♭ G_m    G_m
That every time I look at you     Evil grows in me

```
        G_m        C_m   G_m             G_m        C_m      G_m
If I could build a wall around you   I could control the thing that you do

```
