Author: Ron Davison – 25 (July 2012)

## **Intro** E

### **Verse 1**

Can there ever be a you and I  
Can there ever be a time for you and I

Can we live our lives if we don't try

### **Verse 2**

Well, we have our past, we've always been friends  
Can there ever be a time for you and I

I love being with you, but in the end

### **Chorus 1**

Are you and I ever meant to be  
Oh I hope that somehow, somewhere, some way

Is there a future, where we can just be  
I can find my way back to you

### **Verse 3**

These feelings I have for you and I  
Can there ever be a time for you and I

Can you feel them too, oh, they make me high

### **Verse 4**

No, I can't predict what the future holds  
But I know I'll still always have you and I

Whatever happens can't be foretold

### **Bridge**

Yeah, I can see you and I 'Cause I believe in you and I  
I really want for you and I God, I'd live for you and I

### **Chorus 2**

Yeah, you'll always hold a special place in my heart A sacred chamber where these feelings start  
And I know that somehow, somewhere, some way Girl, I'll make my way back to you

### **Outro**

You and I Oh, oh, you, you, you and I Oh, can there ever, ever be a you and I
