YOU GOT IT

```
Author: Roy Orbison
Intro
                  G
Verse 1
                   G(A)
                                                          F(G) C(D) G(A) F(G) C(D) G(A)
                                                                                                                                                      \mathbf{F}(\mathbf{G}) \quad \mathbf{C}(\mathbf{D})
                                                                                                                                                                                                      \mathbf{D}(\mathbf{E})
                                                                                                                                                                                                                                           \mathbf{F}(\mathbf{G})
                  Everytime I look into your loving eyes
                                                                                                                                    I see a love that money just can't buy
                                             \mathbf{E}_{\mathbf{m}}(\mathbf{F}^{\#}_{\mathbf{m}}) \quad \mathbf{B}_{\mathbf{m}}(\mathbf{C}^{\#}_{\mathbf{m}})
                                                                                                                                     \mathbf{G}(\mathbf{A}) \qquad \mathbf{E}_{\mathbf{m}}(\mathbf{F}^{\#}_{\mathbf{m}})
                                                                                                                                                                                            \mathbf{B}_{\mathbf{m}}(\mathbf{C}^{\#}_{\mathbf{m}}) \mathbf{D}(\mathbf{E})
                                                                                             \mathbf{D}(\mathbf{E})
                  One look from you, I drift
                                                                                                                                    I pray that you are
                                                                                                                                                                                             here to stay
                                                                                              away
Chorus
                  \mathbf{G}(\mathbf{A}) \ \mathbf{B_7}(\mathbf{C}^{\#}_{\mathbf{m}}) \ \mathbf{E_m}(\mathbf{F}^{\#}_{\mathbf{m}}) \ \mathbf{C}(\mathbf{D})
                                                                                                                                    \mathbf{G}(\mathbf{A}) \quad \mathbf{B_7}(\mathbf{C}^{\#}_{\mathbf{m}}) \quad \mathbf{E_m}(\mathbf{F}^{\#}_{\mathbf{m}}) \quad \mathbf{C}(\mathbf{D})
                  Any thing you want, you got it
                                                                                                                                    Any thing you need, you got it
                  \mathbf{G}(\mathbf{A}) \ \mathbf{B_7}(\mathbf{C^*}_{\mathbf{m}}) \ \mathbf{E_m}(\mathbf{F^*}_{\mathbf{m}})
                                                                                                                                    G(A) D(E)
                  Any thing at all, you got it
                                                                                                                                    Ba.....by
Verse 2
                   G(A)
                                                                        F(G) C(D) G(A) F(G)C(D)
                  Everytime I hold you I begin to under....stand
                                                              \mathbf{F}(\mathbf{G}) \quad \mathbf{C}(\mathbf{D})
                  Everything about you tells me I'm your man
                     \mathbf{G}(\mathbf{A}) \mathbf{E}_{\mathbf{m}}(\mathbf{F}^{\#}_{\mathbf{m}}) \mathbf{B}_{\mathbf{m}}(\mathbf{C}^{\#}_{\mathbf{m}}) \mathbf{D}(\mathbf{E})
                                                                                                                                            \mathbf{G}(\mathbf{A}) \quad \mathbf{E}_{\mathbf{m}}(\mathbf{F}^{\#}_{\mathbf{m}}) \quad \mathbf{B}_{\mathbf{m}}(\mathbf{C}^{\#}_{\mathbf{m}}) \quad \mathbf{D}(\mathbf{E})
                  I live my life to be with you
                                                                                                                                    No one can do the
                                                                                                                                                                                     things you do
Chorus
