Intro D

Verse 1

D	A	Bm	G
I can't believe you let me get married	When you made me pinky swear that you were my true love

The one who braids my hair	You moved me into an apartment		
Bm	G	A	
You assembled all my chairs	But dinner's not the same when you're not there

But I won't let it	No I won't accept it

You're too young to be old	You're too fast to be slow	You're too wise to be confused

Daddy please don't break my heart	And stay, don't go	You're too young, far too young to be old

That you told me yesterday	You walked me down the aisle	Then you gave me away
